United Nations S/2012/483

Security Council

Distr.: General
25 June 2012

Original: English

Identical letters dated 25 June 2012 from the Permanent Representative of Israel to the United Nations addressed to the Secretary-General and the President of the Security Council

Another reminder: 1 million Israeli civilians are living under constant rocket fire from the Gaza Strip.

- Since my last letter four days ago (S/2012/472 of 21 June 2012) 87 more rockets were fired into Israeli communities.
- We see the same reality, month after month: as aid flows into Gaza, rockets fly out.
- The Security Council has not uttered a single syllable about this appalling terrorism.

Caution: The Security Council's decision to stay mute could have grave consequences.

Inaction today could help ignite an escalation of conflict tomorrow.

I should be grateful if you would have the present letter distributed as a document of the Security Council.
